MID-WINTER MEETING 2020

# SILICON WADI @ VALLEY

## TOUR INFORMATION

TUESDAY, FEBRUARY 11 • 12:30 P.M. — 3:30 P.M.

Learn what it takes to be a “Googler” by joining this VIP tour at Google’s HQ, also known as the “Googleplex.” This tour includes a visit to the Android Garden and the Google Visitor Center. A Google insider will explain how this legendary company is changing the world of business with big data, autonomous vehicles and artificial intelligence.

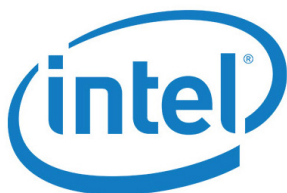

[Click here for a preview of the Google Visitor Center.](#)

## Stanford University

Please note: this is a walking tour and comfortable shoes are recommended.

*Stanford is to Silicon Valley, what BGU is to the Negev.*

Visit the birthplace of innovation and technology by walking in the footsteps of thought-leaders, visionaries and futurists. Stanford University is considered to be the citadel of Silicon Valley innovation, and it’s where many of the biggest tech companies like Google, Yahoo and Cisco were founded. We will visit Stanford’s historic Main Quad — including the famous Memorial Church and the engineering buildings containing computer artifacts from the early 20th century — and experience the views of Silicon Valley from the top of the iconic Hoover Tower.

Intel has a history of investing in companies founded by BGU alumni. From Mobileye to their recent acquisition of Habana Labs, Intel’s appetite for the best is the reason why they are positioned as a world-class leader. Join us behind the scenes in the high-tech world of Intel on this private, guided tour of the Intel Museum. Learn about the world’s greatest manufacturer of microprocessor chips and how it has continued to evolve and influence our lives today.

**Tour cost: \$36 per person**

Includes tour, boxed lunch and transportation to/from the Pullman Hotel.

Casual, comfortable attire.
